Q1000 Last year you participated in the Growing Up With Media survey, along with your [INSERT SON/DAUGHTER FROM Q690] who was [INSERT CHILD AGE FROM Q507 (QV13)] years old at that time. [INSERT HIS/HER FROM Q698] name or initials are [INSERT CHILD’S FIRST NAME FROM Q509 (QV14)].

We would like you and your child to participate in the second survey in the Growing Up With Media Year 2 project. You will receive a check and your child will receive a gift certificate for completing these surveys. Your participation is important and greatly appreciated. You and your child’s answers will help us understand how media may be affecting the lives of young people.

Before we begin, we ask that you read the following consent form and answer the question below.

Title of research project: Growing Up With Media

Purpose of the consent form: To inform you about the content of the survey

Purpose of the research study: To understand how media may be affecting youth behavior

Group conducting data collection: Harris Interactive

You are one of about 1,600 parents or guardians and their children who are being asked to take part in the “Growing Up With Media Year 2” survey. You are invited to participate because you and your [INSERT TEXT FROM Q690] completed a similar survey last year. The purpose of this research is to understand how media may be affecting youth behavior. We want to find out what kinds of websites kids go to, what kinds of movies and television programming they watch, and what kinds of video and computer games they are playing. We also want to find out about things kids do when they are alone and when they are with friends. This page explains this research study. Please read it carefully.

The first part of the survey is for parents and will take about 5 minutes. When you are finished, please ask your [TEXT SUBSTITUTION BASED ON Q690] to come to the computer to complete

[TEXT SUBSTITUTION BASED ON Q698] survey. If it is not a good time for your [TEXT SUBSTITUTION BASED ON Q690], [TEXT SUBSTITUTION BASED ON Q697] may choose to complete it later. It will take your [TEXT SUBSTITUTION BASED ON Q690] about 20 minutes to take the survey. Your [TEXT SUBSTITUTION BASED ON Q690] will not see your answers

We will ask you and your [INSERT TEXT FROM Q690] to fill out one more survey on the Internet. The last survey will be one year from now.

It is very important that you and your [TEXT SUBSTITUTION BASED ON Q690] take the survey in a place that is private. You should feel comfortable to answer the questions honestly. Please do not watch your [TEXT SUBSTITUTION BASED ON Q690] or try to tell [TEXT SUBSTITUTION BASED ON Q699] how to answer any question.

Taking these surveys won't help or hurt you or your [TEXT SUBSTITUTION BASED ON Q690]. It is possible that some people might feel uncomfortable answering some questions. You and your [TEXT SUBSTITUTION BASED ON Q690] may skip any question you or your [TEXT SUBSTITUTION BASED ON Q690] do not want to answer for any reason.

All of the answers you give will be private. The answers will be stored in a secure location and will not have information identifying you or your [TEXT SUBSTITUTION BASED ON Q690]. Only key study personnel will have access to your personal information. No parent or child will ever be listed by name in a report of the results.

You will receive a \$10 check and your [TEXT SUBSTITUTION BASED ON Q690] will receive a \$15 gift certificate after you have gone through the entire survey. You will receive a \$20 check and your [INSERT TEXT FROM Q690] will receive a \$25 gift certificate when you each complete the survey next year, the final year. If you complete the survey and then your [TEXT SUBSTITUTION BASED ON Q690] chooses not to participate, we will still mail you \$10 for your time.

Your answers will help us understand how media may be affecting the behavior of young people. The results may be used by the Centers for Disease Control and Prevention to help design projects to stop youth violence. Some of the questions we ask you and your [INSERT TEXT FROM Q690] are about violence that your [TEXT SUBSTITUTION BASED ON Q690] may have seen in media and in real life. This could include things that have happened to [TEXT SUBSTITUTION BASED ON Q699] and things that [TEXT SUBSTITUTION BASED ON Q697] might have done. Some questions we ask your [INSERT TEXT FROM Q690] are about sexual pictures [TEXT SUBSTITUTION BASED ON Q697] may have seen. We also will ask your [INSERT TEXT FROM Q690] questions about substance use. In order to understand why some kids get into fights and other violence, we need to ask these questions of young people. You and your [INSERT TEXT FROM Q691] participation is completely voluntary and [TEXT SUBSTITUTION BASED ON Q697] can skip any questions that you or your [TEXT SUBSTITUTION BASED ON Q690] doesn't want to answer.

If you have questions about the research study, please contact:

- The principal investigator, Dr. Michele Ybarra, at 1-877-302-6858 or

- The CDC's Deputy Associate Director for Science at 1-800-584-8814. Leave a message with your name, phone number, and refer to CDC Protocol [# 4478](#), and someone will call you.

<u>You can choose not to take part in the research study. You have the right to stop taking part in the research study at any time.</u> If you choose to stop taking part in the research study, please call or email the principal investigator so that she can take you off of the list of participants and you will not be recontacted. <u>Your [INSERT TEXT FROM Q690] also has the right not to take part in the research study; [TEXT SUBSTITUTION BASED ON Q697] can choose to stop taking part in the research study at any time.</u> Choosing not to take part will not in any way harm you or your [INSERT TEXT FROM Q690].

Now, please select one of the options below. <u>By selecting "Yes", you agree to participate in the research study and also let your [INSERT TEXT FROM Q690] take the survey.</u> If you choose not to take the surveys, we have just a few more questions for you.

- 1 Yes, I agree to take the surveys and I will let my [TEXT SUBSTITUTION BASED ON Q690] take the surveys.
- 2 No, I do not agree to take the surveys and my [TEXT SUBSTITUTION BASED ON Q690] may not take part in the surveys.

GROUP CONDUCTING DATA COLLECTION: HARRIS INTERACTIVE

You are one of about 1,600 young people and their parents who we have asked to take the “Growing Up With Media Year 2” survey. This research study will help us learn how media may affect the way young people act. We want to ask about what kinds of websites you go to, what kinds of shows you watch, and what kinds of video games you play. We also want to find out about things you do when you are alone and when you are with friends. This page explains this research study. Please read it carefully.

You and your parent (or guardian) completed a similar survey last year. Your parent or guardian received an email from us that had a link to this year’s survey website. They have finished the Adult Survey. Now, it is your turn to answer questions in the Youth Survey. It will take you about 20 minutes.

We will ask you to fill out one more survey on the Internet. It will be one year from now.

It is important that you fill out the survey by yourself. No one should be able to see your answers. No one should tell you what your answers should be. You do not have to answer any question you don’t want to.

We will mail you a gift card for \$15 after you do this survey. After you finish the last survey next year, we will mail a \$25 gift certificate to you.

Your answers are important. They help us learn why some young people are in fights and other violence and help us make programs to help them.

Taking this survey won’t help or hurt you. Some young people said last year that some of the questions made them upset. You should know that the survey asks you about things you may have seen or done that might be hard to talk about, including some violent things you may have

done or seen. There are also questions about sex and about substance use like cigarettes and alcohol.

You don't have to answer any question you don't want to for any reason. Your answers are important to us.

We will not share your answers with your parents. Your answers will be kept in a safe place.

If you have questions about the study, please contact:

- Dr. Michele Ybarra at 1-877-302-6858 or Michele@ISolutions4Kids.org.

If you have questions about your rights as a participant in this study, or if you feel that you have been harmed in any way by taking part in this study, please contact:

The CDC's Deputy Associate Director for Science at 1-800-584-8814. Leave a message with your name, phone number, and refer to CDC Protocol # 4478, and someone will call you.

If you feel very sad or upset after taking this survey, please talk to someone. You can call the National Mental Health Information Center at: 1-800-789-2647 for more information.

You can also log on to www.SafeYouth.org to learn more about what you can do to stay safe and help others to stay safe.

Your parent or guardian has told us that it is all right for you to be in this study. We also want you to say that it's okay. You can choose to be in the study. You can choose not to be in the study at any time. Your parent or guardian also can choose to stop being in the study at any time. If you or your parent wants to stop taking part in the study, please email us at Michele@ISolutions4Kids.org. If you or your parent stop being in the study, we will not contact you again. It will not hurt you or your parent if either of you chooses not to be in the study.

Now, please print out this page with the contact information.

Please read everything. By selecting "Yes" below, you agree to take the surveys. If you choose not to take the surveys, we have just a few more questions for you.

- 1 Yes, I want to take the survey.
- 2 No, I do not want to take the survey.

[PROGRAMMER NOTE: IF CHILD PARTICIPANT AGREES TO PARTICIPATE (Q1500/01) ASK Q1510 ELSE JUMP TO Q1515]

BASE: AGREES TO PARTICIPATE (Q1500/1)

Q1510 It is very important that you take the survey in a private place.

You should feel comfortable to answer the questions honestly.

To start, please click on the “NEXT” button below.

If this is not a good time for you to take the survey, please select the “Resume Later” button at the bottom of your screen. [To start the survey again, you will need to ask your parent or guardian to forward you the email they received that has the link to the survey. This is the only way you will be able to get back to this survey.](#)

It’s important that you are in a safe place where you can answer the questions honestly. If you can’t, then come back and do the survey later.

Also, note that whenever you see “parent” or “mother or father”, we also mean “guardian” or the adult who knows most about you.

BASE: DOES NOT AGREE TO PARTICIPATE (Q1500/2)

Q1515 We thank you for your time and respect your decision not to participate in the Growing Up With Media Wave 2 survey. To help us design future surveys, please tell us why you did not agree to take the survey?

Q2482 The next questions are about bullying and harassment. We say a young person is being bullied or harassed when someone else or a group of people repeatedly hits, kicks, threatens, or says nasty or unpleasant things to them. Another example is when no one ever talks to them. These things can happen at school, online, or other places young people hang out. It is not bullying when two young people of about the same strength fight or tease each other.
