Title of research project: Growing Up With Media

Purpose of the consent form: To inform you about the content of the survey

Purpose of the research study: To understand how media may be affecting youth behavior

Group conducting data collection: Harris Interactive

You are one of about 1,600 parents or guardians and their children who are being asked to take part in the "Growing Up With Media Year 3" survey. You are invited to participate because you and your [INSERT TEXT FROM Q690] completed a similar survey last year. The purpose of this research is to understand how media may be affecting youth behavior. We want to find out what kinds of websites kids go to, what kinds of movies and television programming they watch, and what kinds of video and computer games they are playing. We also want to find out about things kids do when they are alone and when they are with friends. This page explains this research study. Please read it carefully.

The first part of the survey is for parents and will take about 5 minutes. When you are finished, please ask your [TEXT SUBSTITUTION BASED ON Q690] to come to the computer to complete [TEXT SUBSTITUTION BASED ON Q698] survey. If it is not a good time for your [TEXT SUBSTITUTION BASED ON Q690], [TEXT SUBSTITUTION BASED ON Q697] may choose to complete it later. It will take your [TEXT SUBSTITUTION BASED ON Q690] about 20 minutes to

take the survey. Your [TEXT SUBSTITUTION BASED ON Q690] will not see your answers.

It is very important that you and your [TEXT SUBSTITUTION BASED ON Q690] take the survey in a place that is private. You should feel comfortable to answer the questions honestly. Please do not watch your [TEXT SUBSTITUTION BASED ON Q690] or try to tell [TEXT SUBSTITUTION BASED ON Q699] how to answer any question.

Taking these surveys won't help or hurt you or your [TEXT SUBSTITUTION BASED ON Q690]. It is possible that some people might feel uncomfortable answering some questions. You and your [TEXT SUBSTITUTION BASED ON Q690] may skip any question you or your [TEXT SUBSTITUTION BASED ON Q690] do not want to answer for any reason.

All of the answers you give will be private. The answers will be stored in a secure location and will not have information identifying you or your [TEXT SUBSTITUTION BASED ON Q690]. Only key study personnel will have access to your personal information. No parent or child will ever be listed by name in a report of the results.

You will receive a \$20 check and your [TEXT SUBSTITUTION BASED ON Q690] will receive a \$25 gift certificate after you have gone through the entire survey. If you complete the survey and then your [TEXT SUBSTITUTION BASED ON Q690] chooses not to participate, we will still mail you \$20 for your time.

Your answers will help us understand how media may be affecting the behavior of young people. The results may be used by the Centers for Disease Control and Prevention to help design projects to stop youth violence. Some of the questions we ask you and your [INSERT TEXT FROM Q690] are about violence that your [TEXT SUBSTITUTION BASED ON Q690] may have seen in media and in real life. This could include things that have happened to [TEXT SUBSTITUTION BASED ON Q699] and things that [TEXT SUBSTITUTION BASED ON Q697] might have done. Some questions we ask your [INSERT TEXT FROM Q690] are about sexual pictures [TEXT SUBSTITUTION BASED ON Q697] may have seen. We also will ask your [INSERT TEXT FROM Q690] questions about substance use. In order to understand why some kids get into fights and other violence, we need to ask these questions of young people. You and your [INSERT TEXT FROM Q691] participation is completely voluntary and [TEXT SUBSTITUTION BASED ON Q697] can skip any questions that you or your [TEXT SUBSTITUTION BASED ON Q690] doesn't want to answer.
