You are one of about 1,600 parents or guardians and their children who are being asked to take part in the "Growing Up With Media Year 4" survey. This page explains this research study. Please read it carefully.

The first part of the survey is for parents and will take about 10 minutes. When you are finished, please ask your [INSERT FROM Q690] to come to the computer to complete [INSERT FROM Q698] survey. If it is not a good time for your [INSERT FROM Q690], [INSERT FROM Q697] may choose to complete it later. It will take your [INSERT FROM Q690] about 30 minutes to take the survey.

It is very important that you and your [INSERT FROM Q690] take the survey in a place that is private.

You should feel comfortable to answer the questions honestly. Please do not watch your [INSERT FROM Q690] or try to tell [INSERT FROM Q699] how to answer any question. Your [INSERT FROM Q690] will not be able to see your answers.

All of the answers you and your child give will be kept private. The answers will be stored in a secure location and will not have information identifying you or your [INSERT FROM Q690]. Only key study personnel will have access to your personal information. No parent or child will ever be listed by name in a report of the results.

This year, you will receive a \$20 check and your [INSERT FROM Q690] will receive a \$25 gift certificate after you have both gone through the entire survey.

We will ask you and your child to fill out up to two more surveys on the Internet. The next survey will be one year from now and the last survey will be two years from now. Next year, you may be eligible to receive a \$20 check and your child will receive \$25 when [INSERT FROM Q697] completes the survey. And in the final year, you may be eligible to receive a \$30 check and your child will receive \$35 when [INSERT FROM Q697] completes the year 6 survey. In any year, if you complete the survey and your [INSERT FROM Q690] chooses not to participate, we will still mail you a check for your time.

Some of the questions we ask are about exposure to violence including sexual violence, physical and verbal abuse, and related content seen on TV, the Internet, video games, and movies. We also will ask about things like substance use such as drinking and smoking and experiences with sexual pictures. In order to understand why some kids have unhealthy relationships, we need to ask these questions of young people. Your answers help us to better understand things that teens and young adults are doing so that we can help them live more healthy lives. Your participation is very important.

Taking these surveys will not help or hurt you or your [INSERT FROM Q690]. It is possible that some people might feel uncomfortable answering some questions.
