LOGIC: RANDOMIZE ANSWER LIST, ANCHOR "IN SOME OTHER WAY"

We say a young person is being bullied when something nasty or cruel happens:

- More than once
- More than just one day
- Is between people of different power or strength – this might be physically stronger, socially more popular, or some other type of strength

Bullying includes something like the following: repeatedly being teased or having nasty or cruel things said; repeatedly being hit, kicked or pushed around; repeatedly being excluded or left out; or repeatedly having rumors spread.

These things can happen anywhere like at school, online, via text messaging, at home, or other places young people hang out.

In the last 12 months, how often have others bullied you by doing or saying the following things?

| | Every day or almost every day | A few times a week | A few times a month | Once or a few times in the past year | Never | Decline to answer |
