Your answers will be kept private. Findings will only be reported at the group-level. No one will know which answers are yours. If you have any questions about the research study, you can email the Project Director at: Michele@IS4K.com.

May we use your answers for research?

LOGIC: RANDOMIZE ANSWER LIST,

Bullying includes things like the following: repeatedly being teased or having nasty or cruel things said; repeatedly being hit, kicked or pushed around; repeatedly being excluded or left out; or repeatedly having rumors spread.

We say a young person is being bullied when something nasty or cruel happens:

- More than once
- More than just one day
- Is between people of different power or strength – this might be physically stronger, socially more popular, or some other type of strength

These things can happen anywhere like at school, at home, or other places young people hang out.

In the last 12 months, how often have you been bullied...?

Thinking just about the past 12 months, when you were bullied...?

Was it by someone who had more power or strength than you? This could be because the person was bigger than you, had more friends, was more popular, or had more power than you in another way.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
