**Growing up with Media
Westat Wave 1
Adult Consent for Self and Permission for Child to Participate in Research**

Q2500 Congratulations! You qualify to participate in the Growing up with Media study.

You are one of about 2,000 parents and their children who are being asked to take part in the Growing up with Media survey. It will help us better understand why some kids have healthy relationships while others do not, and how media may or may not influence this. The results of this study will help design programs that help teens make healthy choices and live healthier lives.

Your child can earn up to \$20 if they complete an online survey after you answer just a few more questions.

Your participation in the Growing up with Media survey is completely voluntary. You have the right not to take part in the research study and can stop taking part at any time.

Q1000. CONSENT. Do you agree to take part in this survey?

- 1 Yes
- 2 No

IF NO (Q1000/2):

Thank you for your time. We respect your decision not to participate in the Growing up with Media study.

To help us better understand your decision, please tell us why you do not want to participate.
